Set Menu Options

Our fantastic set menu offers you a choice of the finest all-time favourites, created specifically to suit every palate and appetite.

The Sharing Platter

Sometimes it's better when we tuck in together.

This option allows you to pick up the phone, or organize a zoom, to discuss any ideas or issues you have – without obligation or cost.

With the sharing platter, free access is always on the menu.

The Skinny Minny

Just the Ribs:

Refer a client to us with only the contact details and a one-line description of the case, and we'll do the rest.

This comes in 3 ways –

£650 up-front when the case is opened by us (0% fee share)

£350 up-front and 10% of Thompsons fee

Nothing up-front, with 25% of Thompsons fee

Extras – we'll supplement you once you refer 10 cases, with an extra 5% of Thompsons fee on all other cases.

I've Started Without You

If you take the initial statement and on-board the client to a fully-fledged case referral, we will pay an additional £150 to fees under the Skinny Minny scheme (yes that's a legal term).

Let's Go Hauf'ers

We share the plate – the work, and the rewards.

You provide the client; we provide the funding and underwrite the case fail costs.

We split the work and the commission 50/50.

Eyes Bigger Than Your Belly

Sometimes, we all start something we can't finish.

Regardless of where you are with the case – facing the time bar or court steps – we can help by taking over the case, the funding, and underwriting the failure costs. You'll receive 20% of Thompsons fee.

The Agent Protecateur

When it's time to litigate, we can become your court agent and provide funding, underwrite all costs should the case fail, and meet court agent services. The fees are split 75:25 in your favour.

Make Your Own Plate

If you have something more specific in mind, speak to your server Patrick who will be more than happy to accommodate your individual requirements.
